1. Sweet heart of Jesus,
fount of love and mercy,
today we come,
thy blessing to implore;
O touch our hearts,
so cold and so ungrateful,
and make them, Lord,
thine own for evermore.

*Sweet heart of Jesus, we implore,
O make us love thee more and more.*

2. Sweet heart of Jesus,
make us know and love thee,
unfold to us
the treasures of thy grace;
that so our hearts,
from things of earth uplifted
may long alone
To gaze upon thy face.

3. Sweet heart of Jesus,
make us pure and gentle,
and teach us how
to do thy blessed will;
to follow close
the print of thy dear footsteps,
and when we fall
-sweet heart, oh love us still.

*Sweet heart of Jesus, we implore,
O make us love thee more and more.*

4. Sweet heart of Jesus,
bless all, hearts that love thee,
and may thine own
hear ever blessed be;
bless us dear Lord,
and bless the friends we cherish
and keep us true
to Mary and thee.

Pope Francis is calling for a change to our food system. Last World Food Day he said, "Each of us has a role to play in transforming food systems for the benefit of people and the planet. If we do not want to jeopardise the health of our planet and our entire population, we must encourage active participation in change at all levels and reorganise food systems as a whole."

So, over the next 8 weeks we are going to look at some of the issues in the global food system that need fixing because it doesn't work for those who work the hardest – small farmers – and it's a major driver of the climate emergency.

And we are all being impacted by these problems now.

But it doesn't have to be this way and we can be part of the solutions.

Communities who work with CAFOD are leading the way, growing and

consuming food in ways that are good for people and the planet and are urging the UK government to fix the food system too.

More at <https://cafod.org.uk/News/Campaigning-news/Food-8-things-you-didn-t-know>

8 things you didn't know about the food system:

1. Our food system is bad for the planet, our common home.

The way we grow, process and transport food is responsible for around one third of all global greenhouse gas emissions. Huge quantities of pesticides and fertilisers are made using fossil fuels. Forests and rainforests are cut down or burned to make huge areas available for rearing cattle for meat and dairy or to grow soya to feed the animals that we want to eat. Since 1990, around 420 million hectares of forest have been destroyed. This is 17 times the size of the UK.

"We had not realised just how big a mistake we had made by moving away from the traditional ways of farming of our forefathers. We had become disconnected from nature, but now we are going back to it again." says Alpona, an eco farmer in Bangladesh.

Feast of the Immaculate Heart of Mary

Although formalised as recently as 1944, the celebration of the Immaculate Heart of Mary dates back to at least the seventeenth century. In the nineteenth century, Popes Pius VII and Pius IX allowed several churches to celebrate a feast of the Pure Heart of Mary. Pius XII instituted our current feast of the Immaculate Heart of Mary for the whole Church, during the midst of World War 2, so as to obtain by her intercession "peace among nations, freedom for the Church, the conversion of sinners, the love of purity and the practice of virtue". Initially celebrated on 22 August, coinciding with the traditional octave day of the Assumption, the feast was moved in 1969 by Pope Paul VI to the Saturday immediately after the Solemnity of the Sacred Heart of Jesus.

The Most Sacred Heart of Jesus

This Friday we celebrate the Solemnity of the Most Sacred Heart of Jesus. This moveable feast falls 19 days after Pentecost. The feast day of the Sacred Heart was approved for specified dioceses by Pope Clement XIII in 1765, and extended to the whole Church by Pius XI in 1856. In 1889 Pope Leo XIII elevated it to the rank of first class, and through an encyclical letter in 1899 dedicated the whole Catholic world to the Sacred Heart of Jesus.

The month of June is dedicated to The Sacred Heart of Jesus. Devotion to the Sacred Heart of Jesus is a very old practice originally arising out of devotion to the Sacred Wounds of Christ and all that His sacrifice for us embodied. It is a beautiful practice with which you can get closer to Jesus in contemplation of the Passion and His most perfect sacrifice.

O Heart of love, I put my trust in Thee, for I fear all things from my own weakness, but I hope for all things from Thy goodness.

*Saint Margaret Mary Alacoque
(1647 – 1690)*

St John the Baptist

This Thursday, the Church celebrates the feast of the Birth of St John the Baptist (transferred from its traditional date of 24 June as the moveable feast of the Most Sacred Heart of Jesus falls on that date this year). John spent his time in the desert, an ascetic. He began to announce the coming of the Kingdom, and to call everyone to a fundamental reformation of life. His purpose was to prepare the way for Jesus. His baptism, he said, was for repentance. But one would come who would baptize with the Holy Spirit and fire. John was not worthy even to untie his sandals. His attitude toward Jesus was: "He must increase; I must decrease" (*John 3:30*). John challenges us as Christians to the fundamental attitude of Christianity - total dependence on the Father, in Christ. The attractiveness as well as the austerity of John, his fierce courage in denouncing evil - all stem from his fundamental and total placing of his life within the will of God.
